During Groups

Most of our groups have set break times when you can get a drink and a snack and have a chat with the other members if you would like to.

If you find unstructured time difficult, let a facilitator know and we can work with you to figure out how to make this break more comfortable for you.

If you need to take a break at any time during the group, feel free. You do not need to wait for the break time.

We do ask that you do not eat during groups, and only eat during the break time. If you need to eat outside of the break you can do so in our waiting area.
