Is this a complaint, a compliment or a comment?	Complaint
What would you like us to know? Please provide as much detail as possible.	Breach of GDPR. This is being dealt with by Katie Orr. On 28th April I received an email from Gemma Doocey from Centre of ADHA & Autism Support sending me the details of another potential fundraise for the charity. These details included personal detail, medical information and contactable information. I was then informed on 29th April by Gemma that I must delete the sensitive email and requested confirmation this was done. I asked to speak with her line manager following this email. On the 30th April I received an email from Katie Orr with this complaint form should i wish to make a complaint with the email stating you take this matter extremely seriously. She also asked if I still wished to fundraise for the charity. I have then received another email today requesting confirmation of the permanent deleted sensitive email. Having autism myself I find it very distressing to know sensitive information can be shared so easily and concerning if my own information is safe. I have found this incident very worrying and distressing and I make this formal complaint to seek damages for the distress I have.
Is there any particular outcome you would like as a result of this feedback?	Under Article 82 of the GDPR, I have the right to seek compensation for the distress this has caused me by this breach.

Please send this completed form to steve@adhdandautism.org.
